

Level 4 Food Safety Management for Manufacturing – Training Course

Highfield Awarding Body for Compliance Accredited Course - UK

COURSE DURATION: 4 Days

TRAINING HOURS: 20 hrs

MINIMUM NO. OF TRAINEES: 15

LANGUAGE: English

COURSE OVERVIEW:

The Level 4 Food Safety Management for Manufacturing is aimed at managers working in a food or drink manufacturing environment. The course is intended for learners already working in manufacturing, or those who are preparing to work in the industry, and whose job requires them to have some responsibility for food safety. Learners are likely to have management responsibilities for an operational team.

This qualification covers the subject of food hygiene at a suitable depth to ensure learners have a thorough knowledge of hazards and controls; the focus is on the importance of developing, implementing and monitoring food safety procedures

Its topics are regarded by the Foods Standards Agency as being important to maintaining good practice in the production of safe food. Its topics are regarded by the Foods Standards Agency as being important to maintaining good practice in the production of safe food.

COURSE ASSESSMENT:

This qualification is assessed through a 2-part examination.

- Part one is a 30-question multiple-choice examination
- Part two is a written examination where learners choose 4 from 6 questions totaling to a possible 70 marks

Successful learners must achieve a total of at least 60 marks out of 100 across the two parts of the exam. A Merit will be awarded at 70/100 and a Distinction will be awarded at 80/100.

The duration of the examination is 2 ½ hours.

Following the assessment, a list of results will be provided to the Centre Contacts stating whether learners have passed or failed. Certificates for successful learners will be dispatched for distribution by the Centre Contacts.
