

# International Maritime Safety Conference 2011

## “Maritime and Offshore Safety Training Challenges”

### 1<sup>st</sup> Announcement and Call for Papers

Alexandria, 2<sup>nd</sup> – 3<sup>rd</sup> May 2011

**Organized By Maritime Safety Institute  
Arab Academy for Science, Technology and Maritime Transport**

The Maritime Safety Institute (MSI) was established by the Arab Academy for Science, Technology and Maritime Transport (AAST&MT) to provide seafarers in Egypt, other Arabian and African States with safety training in accordance to STCW requirements.

Beyond these immediate particular aims, the scope and objectives of MSI was broadened to include many other maritime and offshore safety training courses, in accordance with the IMO legal instruments, Offshore Petroleum Industry Training Organization (OPITO) Standards and other industrial standards.

From this position the MSI has taken a role in promoting safety aspects in the Maritime and Offshore Industry in Egypt, Africa and the Middle East especially in matters related to Safety training. And through this conference the MSI is honored to bring together the Maritime, Offshore, and Research community in Egypt and Worldwide to identify difficulties and offer solutions to current Safety Training Challenges in the Maritime and Offshore industry.

#### **CONFERENCE HIGHLIGHTS:**

- Regulations and training requirements.
- Focus on new STCW amendments.
- Philosophy and Methodology of maritime safety training.
- Maritime safety training Assessment criteria.
- Training equipments and simulations
- The conflict between shipboard and offshore personnel training standards on the national and international levels.

#### **LANGUAGE:**

Both Arabic and English languages are accepted for papers, presentations and conference sessions. Instant translation for all Conference sessions will be provided.
