Course Information

Course Name: Container Inspection

Institute/Centre: Port Training Institute **Course Code:** PDP13

Type: Program Course Workshop

Course Duration: 5 days 3 days 1 days Other: --

Course Conducted: Local International
Indicate: -----

Course Venue: **Anywhere**

Course Language: English Arabic Both Other: -----

Course Description

Course Outlines:

- The reasons for terminal inspection of containers
- The circumstances of container inspection
- The equipment interchange receipt
- Gate inspection procedures for containers traveling by road
- Gate inspection procedures for containers entering or leaving by rail or inland waterway
- Inspection procedures for containers not passing through the gate
- Container 'identification' deficiencies
- Container 'condition' defects
- The steps in container condition inspection
- Responses to 'identification' deficiencies detected during inspection
- Responses to 'condition' defects found during inspection.

Course Objectives:

- This Unit is designed:
 1. To explain why containers should be inspected on entry to and departure from the terminal.
 2. To review the circumstances in which containers are examined in the terminal.
 3. To describe the documentary and practical procedures to be followed when inspecting containers.
 4. To survey the types of defect to be looked for in container inspection, and to outline the criteria and standards relating to severity of defect.
 5. To describe the actions to be taken when container defects are detected.

Learning outcomes:

Course includes: Theoretical fire training module Laboratory Workshop
 Site Visit
