Course Information

Course Name: Supervision of Container Yard Operations

Institute/Centre: Port Training Institute **Course Code:** PDP28

Type: Program Course Workshop

Course Duration: 5 days 3 days 1 days Other: --

Course Conducted: Local International
Indicate: -----

Course Venue: **Anywhere**

Course Language: English Arabic Both Other: -----

Course Description

Course Outlines:

- Introduction: control, communication and supervision of container yard activities
- Container yard personnel and responsibilities
- Initiation and planning of container yard operations
- Pre-shift checks and operations start-up
- Container yard-CFS movements
- Movements to and from examination areas
- In-stack movements — planning, supervision and control
- Keeping containers in safe custody
- Maintaining the container yard inventory
- Responsibilities of the container yard supervisor.

Course Objectives:

- This Unit is designed:
 1. To explain the systems by which container yard operations are supervised and controlled.
 2. To describe how container yard activities are planned, and how supervisory and control staff prepare for, take over and begin work.
 3. To describe the procedures followed in controlling and supervising movements between the container yard, CFS and examination areas.
 4. To describe the supervision and control of in-stack and securing activities.
 5. To explain the importance of the container yard inventory and how it is maintained.
 6. To review the role of the supervisor in container yard operations.
 7. To improve the quality of supervision of container yard operations and to provide the knowledge and skills needed to review critically current supervisory procedures and mechanisms.

Learning outcomes:

Course includes: Theoretical fire training module Laboratory Workshop
 Site Visit

Course Prerequisites: Before starting this Unit, the trainees should have completed successfully the following Units or will have demonstrated (e.g. by successfully completing the Tests for those Units) their understanding of the topics covered by them:
