**Pipes**

**Duration**

1 day 5 Hours

**No. of Attendees**

Max. 25 Attendees

**Language**

Arabic, English

**Overview**

This program aims to develop a basic appreciation and needed competences in dealing with instrumentation pipe work systems, including minor installations. Specifically, the participants will be able to distinguish between process inputs, impulse lines, also pneumatic supply and output pipe work. They will be able to understand the need for good quality leak proof joints and the purposes of equipment such as vents and drains, traced impulse lines, isolation, regulation and filtration of compressed air supplies.

**Topics**

- Introduction
- Piping Components
- BS 1710 Color Coding
